

Located in the heart of the Balkans, our factory, based in Plovdiv, includes over 6000 sq. m. of workspace, with our own production line, designed by experienced engineers, with capacity of 800 000 gloves per day or around 250 000 boxes a month.

#### Scientific expertise

We have our own R&D department, where new products and innovations are developed and tested, keeping in mind our goal to improve people's lives, while protecting the nature. Our ultimate goal is to develop and produce biodegradable nitrile gloves.

### **OUR VISION**

Founded amid a worldwide pandemic, PPS Manufacturing was born by a call to action. A call to protect people's health and the wellbeing of our planet by providing independent access to reliable personal protective equipment, while constantly searching for greener solutions.

### **OUR MISSION**

To protect people's health and wellbeing by providing access to reliable personal protective equipment.

### **OUR VALUES**

1. We are focused on growth  
We embrace every opportunity to learn, improve and do more.
2. We enjoy our work  
Our work is fulfilling and exciting! We revel in our vocation and the environment we are building.
3. We help and support each other  
We are always available and ready to assist our colleagues, partners and clients.
4. We are efficient  
We don't extinguish fire with champagne.
5. We are responsible  
We build trust through accountability and respect towards our partners, team and clients.
